PROFESSIONAL SUMMARY

I'm a Full-Stack Web Developer with a passion for building user-centric applications. I leverage my expertise in both front-end and back-end technologies to craft seamless user experiences that drive results. I thrive in collaborative environments and excel at working across teams to bring projects to fruition. I'm eager to contribute my skills to a dynamic organisation where I can make a significant impact.

WORK HISTORY

LEAD FRONT-END WEB DEVELOPER | 04/2024 - Current

Swiphr -Remote, Nigeria

- Designed web pages to enhance branding and navigation.
- I worked with UX/UI designers to implement visually appealing and user-friendly interfaces.
- Boosted website performance and stability through planned maintenance and targeted troubleshooting.
- Developed and implemented architectures for web applications.
- Improved web development plans to achieve client requirements within assigned timeframes.
- Utilised software libraries of reusable code to streamline design and reduce collaboration bottlenecks.
- Built site-specific interfaces for navigation, data management and e-commerce requirements.
